

Ryan Combest

Full Stack Software Engineer

Garland, Texas | crcombest@gmail.com | [GitHub](#) | [LinkedIn](#)

I am a user-focused Software Engineer who brings humor and empathy to everything I do. I have a passion for designing sleek and intuitive user experiences with robust functionality.

SKILLS

- **Languages:** JavaScript, HTML, CSS, Python, Typescript
- **Databases:** MongoDB, PostgreSQL
- **Frameworks:** Express, Django, React
- **Tools:** Azure, Bootstrap, Mongoose, Node

RELEVANT EXPERIENCE

Software Engineering Immersive | General Assembly | Remote | Aug '22 – Nov '22

Successfully completed 500+ hours of expert-led instruction & hands-on learning in the industry's most in-demand technologies. Developed projects, including:

Cool-Nect Four | Built with JavaScript, CSS, HTML, Bootstrap, Animate.CSS & a GitHub library

- A quick fun game of the Connect Four you know & love with an exciting twist using dark mode functionality. [\[GitHub Repository\]](#) [\[Deployed Link\]](#)

Only-Bands | Built using Azure, JavaScript, CSS, EJS, Google OAuth, MongoDB & the MEN stack

- A family friendly, entirely Safe For Work app that allows users to sign in using Google OAuth & share their current favorite songs & artists with other users, curate lists of their favorite music, & explore other users' favorites. [\[GitHub Repository\]](#) [\[Deployed Link\]](#)

Relocate | Built using Azure, CSS, HTML, JavaScript, MongoDB, MUI, & the MERN stack

- An app that seeks to make moving easier & give users peace of mind throughout the moving process. Users can create a profile & create and update to-do lists & lists of their belongings. Users are also able to create & update wishlists including images of & links to their wishlist items. [\[Backend GitHub Repository\]](#) [\[Frontend GitHub Repository\]](#) [\[Deployed Link\]](#)
- In collaboration with [Stephanie Michael](#) and [Zeus Zaragoza-Gildo](#)

Software Engineer | Good Faith Energy | Addison | Feb '23 - July '23.

- Designed & developed the early stages of the second iteration of the company's price estimation tool.
- Assisted in website maintenance via updating site content, creation of new pages for promotions & writing or assisting in writing copy for them, as well as improving site load times.

Receptionist | Perimeter Behavioral Hospital | Garland | Aug '21 - Jan '22

- Performed administrative duties including facilitating the patient sign-in process, organizing a high volume of paperwork, & receiving medication deliveries.
- Provided parents & guardians a listening ear & space free of judgment to talk through their own anxieties regarding their loved ones seeking treatment with us.

Warehouse Shipping/Receiving Clerk | Multimedia Solutions Inc. | Farmers Branch | Mar '17 - Sep '19

- Implemented the warehouse's first inventory system, resulting in an expedited process for crews leaving for job-sites in the morning, & shipping/receiving throughout the day.
- Improved overall communication between the warehouse & office staff regarding job-readiness by ensuring any products delivered were entered promptly into inventory before EOD & apprising scheduling, sales, & team leads of their arrival.
